GOOD ROADS AND GOOD SCHOOLS FOR GUILFORD COUNTY—THE BEST INVESTMENT IT IS POSSIBLE FOR US TO MAKE!

IT MAY SOUND INCREDIBLE

To say that we will sell you better shoes than any one else in Greensboro.

Better means better leather, better prices, the latest styles, best work, fit and finish.

Looks like foolishness, you may say. No matter, facts are facts.

Here are the shoes. They speak for themselves.

ARE ALL EYES

DEFECTIVE?

Certainly it is that many people experience no trouble with their eyes. Naturally a very large proportion of those who consult opticians or oculists have defective eyes, because the trouble they have leads them to the consultation.

There have been quite a number of people in to see me of late who have nothing at all the matter with their eyes.

If you have any doubt as to the condition of your eyes it will afford you a great deal of satisfaction to know positively. I shall be glad to tell you.

SHOES STOLEN.

Carolina Shoe Co's Store Broke Into Last Night.
Thieves broke into the store of the Carolina Shoe Co. between 11 and 12 o'clock last night and carried off several pairs of shoes.

Entrance was made through a door in the rear of the building by smashing the glass and breaking off one of the iron bars.

Mrs. T. L. Cooper, who lives on West Washington street, heard the noise made by the robbers and told some of her boarders, who gave the alarm. The thieves no doubt heard officers approaching and fled. No one has been arrested and there is no clue to the guilty parties.

It is not known just how many pairs of shoes were stolen, but twelve or fifteen empty boxes were found on the wrapping table this morning.

On a Tour of Inspection.

Prof. M. H. Holt, of Oak Ridge Institute, passed through the city last night for a two weeks' visit to the leading schools in the north to inspect the plans and methods used in same. He will visit Washington, New York, Philadelphia, Boston, Northampton, Rochester and Pittsburgh. His son Harvey accompanied him and will visit an uncle in Washington.

Prof. Holt says the football game, which was to have been played at Oak Ridge next Monday with Horner Military School, has been cancelled by a telegram from Horner, and Oak Ridge will play University of Maryland instead.

FREE STATE MAY WITHDRAW

From the War Against Great Britain.

CLOSING IN UPON LADYSMITH.

Gen. White Expected to be Attacked.

Boers Taking Their Time and Choosing Good Positions.

By Cable to THE TELEGRAM.
Cape Town, Oct. 28.—Reliable advice is received here from Bloemfontein to the effect that serious discussions have occurred among a number of the government's supporters and that a movement is on foot to depose President Steyn, of the Orange Free State, and install Fraser in his place. Fraser favors making an agreement with the British if the independence of the Free State is guaranteed.

DUMDUM BULLETS FOUND.

Pretoria, Oct. 28.—Krugers states that several cases of dum dum bullets were found at Dundee after the British evacuated. He says the younger Boers were anxious to use them, but were restrained from doing so.

TO COMMAND BRITISH.

Cape Town, Oct. 28.—General Sir Redvers Buller is expected to arrive tomorrow to take command of the British forces in South Africa.

RELEATED TELEGRAMS.

London, Oct. 28.—A number of belated telegrams were received this morning. One from Bulawayo, dated 14th, says: Lieut. Liewel y's force of police and railway men are holding the Boers in check near Labat's. Chief Khama, expecting to be attacked, had appealed for assistance to Chief Leuchue, who is loyal to the British. On the 17th an armored train killed eight Boers.

A Cape Town dispatch says word has been received there that the Boers had evacuated Kilpdon and were apparently reinforcing the forces attacking Mafeking.

CLOSING IN UPON LADYSMITH.

Cape Town, Oct. 28.—Three columns of Boers are closing in upon Ladysmith. While it is expected that the Boers are taking their time, choosing good positions and hauling up their artillery, so they can bombard the British entrenchments. They have more and heavier guns than White.

TOWN GUARD SHOT.

London, Oct. 28.—A Ladysmith dispatch says that when the Boers arrived at Dundee and found the town guard armed they shot several with pistols, and other members were driven from their houses and shot.

ADVANCING IN FORCE.

Cape Town, Oct. 28.—Scouts for Magdalenburg having reported the Boers in force on the Helmpoeka road, White has ordered out a strong force of artillery and mounted infantry and cavalry. A small party of mounted infantry was shelled by the Boers nine miles from Ladysmith.

QUAY'S SENATORIAL FIGHT.

Does Not Rely Fully on His Fellow Partisans.

By Wire to THE TELEGRAM.
Washington, D. C., October 28.—Reports from the State of Pennsylvania which reach here indicate that Senator Quay does not place entire reliance, in his contest for the senate, upon his fellow partisans. He is said to have received the assurance of a number of southern senators which will justify him in counting upon their votes in the decisive hour. He recalled the attitude of the Force Bill fight in the Fifty-first congress when he had so much to do in saving the day for the democrats.

TEN KILLED, MANY WOUNDED.

Americans Fighting Brigands on the Island of Negros.

By Cable to THE TELEGRAM.
Manila, Oct. 28.—Detachments of the Sixth Infantry have recently been engaged in dispersing bands of brigands operating in the Island of Negros. Capt. Simms struck a village of the Lullianes near San Carlos and Capt. Evans defeated another band, killing ten, wounding many, and capturing twenty. There were no American losses.

Chosen Rector.

By Cable to THE TELEGRAM.
London, Oct. 28.—Lord Roseberry has been chosen rector of Glasgow University by a vote of 829 to Lord Kelvin's 515.

Dressmakers.

Dressmakers and other ladies who have dresses to make will find at our store a very complete stock of waist and skirt linings, silences, drillings, percales, nansies, cambrics, cotton and linen canvas, double faced linings, etc.

Whether may be the prevailing fad, one can never make a mistake in selecting his wearing apparel from blacks, blue blacks and blues.

You can find these in every variety of style and texture in the stock of the Fishbait-Katz Co.

You can procure an outfit from us at this time at less than manufacturers' prices.

Kadok—The best headache cure and fever reducer. 10c—3 doses.

Game Called Off.

The Horner football team has wired Oak Ridge the necessity of cancelling or postponing Monday's game. The game will therefore not be played on that date.

NOTES FROM HIGH POINT.

The Local News From Our Neighbors Briefly Told.

By Cable to THE TELEGRAM.
High Point, N. C., Oct. 28.—Miss Clara Cox returned home last evening.

Mr. and Mrs. H. M. Wright spent yesterday in Winston.

W. E. Gant, of Knoxville, Tenn., spent yesterday in the city.

Richmond was represented here this morning by H. S. Nulton.

Jim Pepper and Miss Maggie Carr, of Trinity, were in the city last evening.

Mrs. H. C. Bowman, of Reidsville, is expected here tonight for a visit to relatives.

As far as we learn there will be the usual services in the different churches tomorrow.

Mrs. Chas. Ragan and children returned last night from a visit to her mother at Lynch, Va.

Lawyer Pickens, of Lexington, spent a few hours here yesterday afternoon enroute home from the horse show and county fair at Winston.

There was a corn shucking at the old W. H. Ragan farm near here last night. After shucking a good pile of corn the crowd did justice to the pot pie, etc.

Our friend W. A. Ring, in writing his initials, does not know that he declares "WAR" in so doing, nor when writing his name that he is "WARING" him self. C?

The carpet in the M. E. church has been taken up and dusted, the benches rubbed and other improvements made. Everything inside now is as clean "as you please."

There is a house in town that has put on its fighting colors. It is painted a bright red, and belongs to M. J. Wrenn. It is situated in "Wrennville," in the eastern part of the city.

Recruiting Office Notes.

The Greensboro recruiting office received orders yesterday that all recruits enlisted for service in the regular army in the Philippines will be sent to Fort Slocum, N. Y. Heretofore they have been sent to Presidio, California.

Lester P. Gray, of China Grove, was enlisted last August at the local recruiting office for service in the Thirty-fifth volunteer infantry and sent to Vancouver Barracks, Wash., where he was rejected and returned home. Being determined to go to war, he made application to the adjutant general at Washington, and yesterday a notice was received from this office to re-examine the applicant, which will probably be done this evening.

Arcie D. Parks has returned from Vancouver Barracks, Wash. He was rejected on account of some disability.

Abner's 'Possum Dog

Mr. Abner L. Brooks came in yesterday on 31, having with him a dog which he called the "possum dog." Abner argues that a fox or a cat is harder to catch than a "possum" and he proposes to open up a "possum" industry. Said he had a large number of "possums" as High Point will not ship them through here. His hunting ground will be the dense woods around Mt. Vernon Springs, in Chatham.

The dog on which so much speculation is based, is not bigger than your cat. Abner brought him here in a cigar box. He can easily follow any size "possum" into his hole.

Protracted Meeting.

The continued services at the First Presbyterian church will begin tomorrow. The pastor will preach in the morning on "Wheat and Chaff," and at night on "The Barren Fig Tree." On Monday he will be assisted by Dr. S. M. Smith, of Columbia, S. C., and two services will be held daily at 3 p. m. and 7:30 p. m. The public is cordially invited to attend these meetings.

Monday Night.

Keep in mind the sacred concert at West Market Street church on Monday night, Oct. 30. Seats free, and an evening of profitable enjoyment is promised to all who attend. The big auditorium should be crowded. The best musical talent in the city will take part in the concert and special attention will be given to chorus singing. Remember, seats free.

Rev. Risinger Resigns.

Rev. P. D. Risinger, pastor of the Lutheran Mission here, has resigned to accept an appointment in Lone Star, S. C. He will preach his farewell sermon here tomorrow. His successor will be sent here soon by the mission board of the United Lutheran Synod of the South.

Rev. Risinger has made many warm friends here who wish for him to leave, but who wish for him to stay.

Willie Glass, aged 15 years, son of Mr. Wm. Glass, who lives about four miles in the country, underwent a painful surgical operation yesterday afternoon. He had been suffering for a good while with a diseased limb—the trouble being with the bone of one of his legs, and that member was amputated above the knee. The doctors say his chances for recovery are slim.

Game Called Off.
The Horner football team has wired Oak Ridge the necessity of cancelling or postponing Monday's game. The game will therefore not be played on that date.

OPPOSED TO EXPANSION

Vast Majority of New Englanders Opposed to Expansion.

POLITICS VERY WARM IN OHIO.

The Result is Uncertain, However.

Atty. Gen. Miller Thinks Nash Will Win.

Special to THE TELEGRAM.

Washington, Oct. 28.—Hon. Charles Hamlin, who is in the city for a few days, talks interestingly upon the situation in the political field. Mr. Hamlin was a prominent official during the Cleveland administration but allied himself with the gold element of the democratic party, following the example of his chief. Mr. Hamlin is a Massachusetts man and is thoroughly familiar with the political situation in his own state, as well as in other New England states. It is Mr. Hamlin's opinion that the democratic party has a fine opportunity, provided it is taken advantage of. He says the vast majority of the New England people are opposed to expansion, or to imperialism, as he terms it. They are against the policy of the president and his party, he says, in their dealing with foreign affairs, especially in the Philippine Islands. If the democracy should come out squarely and boldly in opposition to the annexation of the Philippines, by force, Mr. Hamlin believes the democracy would stand a fine chance of carrying Massachusetts and Connecticut, and possibly New Hampshire in the next presidential election.

Mr. Hamlin, however, is a gold man and he says the New England people will never support a ticket or platform pledged to the passage of a free coinage law. He says the people are opposed to silver, and that if Col. Bryan is again named as the standard bearer of the democratic party, that New England will remain solidly republican.

Mr. Hamlin says that the imperialistic issue has been entirely left out of the present campaign in Massachusetts. The democracy he says has no show of winning there this year, and he admits that Crane, the republican nominee for governor will be elected by a large majority, and that both branches of the Massachusetts legislature will remain republican by an overwhelming majority.

A large delegation from Fredericksburg, Va., headed by Representative Wm. A. Jones, of the first congressional district of Virginia, are at the Metropolitan Hotel, having arrived Friday morning. The delegation is here for the purpose of inviting President McKinley to stop at Fredericksburg for a short time on his way to Richmond, next Tuesday, where he goes to attend the launching of the new torpedo boat submarine. The delegation, in company with congressmen Jones, called at the White House Friday and were given a hearing by the President. The Chief Magistrate received them cordially. The invitation to Fredericksburg is extended by the city council and they desire the President to be the guest of the city.

Former Attorney General W. H. Miller, of Indiana, is in the city for a few days. Gen. Miller was a member of the Harrison cabinet, and is said to have built up a fine legal practice since his retirement from public life. He is in the city now on legal business before the supreme court. He called at the department of justice the other day to renew some old acquaintanceships.

Ex-Attorney General says that the political situation in the west is satisfactory from a republican standpoint. President McKinley, he says, is popular in Indiana, and Mr. Miller believes there is no doubt but he will get Indiana's electoral vote next year. Mr. Miller says politics in Ohio are very warm, and that there is much uncertainty as to the result there, owing to the division of the republicans, and the entrance of Jones into the contest, but he says he believes yet that Nash will win out, and will be the next governor of Ohio.

The register of the treasury department, who is a negro, has been making campaign speeches in Ohio, and is now engaged in political work in Maryland. An old time remarked the other day that under the McKinley administration "offensive partisanship, and abandonment of public duties by public officials to engage in political work, is not considered a violation of the rules, as it was under the Cleveland regime."

In this connection it might be said that nearly every Ohio, Maryland and Kentucky office holder of any prominence has been enlisted in campaign work by the different states republican committees, but they are still drawing large salaries from the pockets of Uncle Sam.

Representative and Mrs. Olmstead returned from their trip to the coast.

Restraining Order Continued.

L. M. Swink, of Winston, was here today and returned home this afternoon. He represents Odell Hardware Co. in the Gilbert bankruptcy case of Winston which was argued in that city yesterday before Judge H. G. Hart. His Honor continued the temporary restraining order until a trustee in bankruptcy is appointed and qualified. He also adjudicated W. H. Gilbert a bankrupt. Mr. Swink was here today to file with Odell Hardware Co. a statement of Mr. Gilbert's debts.

TRINITY COLLEGE NOTES.

Dr. Kilgo Going to South Carolina First Lecture.

Correspondence Telegram.
Trinity College, Trinity Park, Durham, N. C., Oct. 27.—President Kilgo spent last Sunday at Roanoke Rapids where he went to dedicate the new Methodist church at that place.

Prof. Edwin Mims lectured before the students of the Cary High School last Friday evening.

H. S. Davis, of Louisville, who is now a cadet at West Point, has been on a visit to friends at the Park. He was a student at Trinity when he secured the appointment. He is now on sick leave, having had a severe spell of fever. He will not have to report for duty before next August. He will probably return to Trinity in a few days and spend the year studying here.

Clarence Sherill, who also went to West Point from Trinity, is taking a very high stand in his classes.

P. H. Hanes, Jr., Wm. Hanes, H. R. Dwire, and J. W. Alspaugh, Jr., of Winston, are at home attending the horse show.

Dr. J. I. Hamaker is arranging to organize a glee club.

The next lecture in the regular series will be delivered by Prof. B. F. Sled, Professor of English at Wake Forest early in November.

Dr. Kilgo leaves for South Carolina Saturday to dedicate a church at Fillon, and to deliver several addresses in the interest of the twentieth century fund.

J. H. McMillen, of Gibson, is on a visit to his son who is a student at the college.

Rev. A. L. Ormond, of Cary, has been on a visit to his brother, who is a member of the sophomore class.

The first of the series of lectures before the student body of the high school, will be delivered by Prof. C. T. Edwards, next Saturday evening. The lecture will be upon recent scientific discoveries, and will be illustrated by several interesting experiments. It will be the first lecture given in the new science hall, which has been recently equipped with the most improved apparatus.

Kindness, Gentleness, and Love.

The above words are said to be the solution to Prof. Gentry's phenomenal success in the management of animals. In a recent interview he is quoted as having said: "Kindness is the only method I pursue in training my animals for exhibition." And he added: "The gentleness with which I handle them and the love of the work has, I think, allowed me to go further in their education than any other gentleman in a similar line." The entire company of dogs and ponies, over one hundred in number, are to exhibit in this city, under their tent, located on Walker avenue, near Ash street, Tuesday, October 31, at 2:00 and 8:00 p. m.

The engagement of these talented animals can be led, upward to what great delight by the best class of people to whom Prof. Gentry's famous and interesting exhibition appeals. The prices of admission are, children, 15 cents; adults, 25 cents.

Postponed Till Monday.

The hearing in the case against Roberts alias Wilson alias Lamoyne alias anything, who is charged with getting money from the McAdoo and Clegg hotels by giving worthless checks, did not take place yesterday evening. Col. John A. Barringer, counsel for defendant, requested that the hearing be postponed until Monday afternoon which request was granted by Mayor Taylor.

The little negro, named John Moore, who was up for stealing leather from Odell Hardware Co., was bound over to court by His Honor and placed in jail.

An Error Corrected.

It was published in the Telegram a few days ago and copied in several papers that Dr. J. E. Stokes, who has just resigned an important position with Johns Hopkins Hospital would associate himself with Dr. Long's hospital at Salisbury.

We are informed that this information is incorrect. Dr. Stokes will locate in Salisbury, but he will be in charge of Dr. John Whitehead's Private Sanatorium. And we will add that this is a credit to the south, the building being new, elegant and richly furnished.

To Run by Steam.

E. J. & A. G. Stafford, tobacco manufacturers, whose factory is on Greene street, wound up the year's manufacturing yesterday. They will open up early in the spring with new and improved machinery, and will run the factory by steam. This year about 150 hands were employed, and 250,000 pounds of the weed manufactured, but they expect to work at least 500,000 pounds next year, and greatly enlarge their working force. A fifty-horse power boiler has been purchased and will soon be installed.

NEXT MONTH'S ELECTIONS.

Eleven states will hold elections next month. They are Ohio, Kentucky, Massachusetts, Maryland, Mississippi, Iowa, Pennsylvania, New York, New Jersey, Nebraska and Virginia.

These elections are important in that they will indicate, in a measure, what each state has got to do in order to win in the presidential election of next year.

In the first six of these states a new governor and other important state officers will be chosen, Iowa, Maryland, and Massachusetts electing legislative bodies. Nebraska elects justices of the state supreme court and several members of the state university's board of regents; Pennsylvania votes to fill the office of treasurer and three important judgeships; New York elects a new legislature and six justices of the supreme court; Mississippi chooses a legislature, a state treasurer and several minor officials; New Jersey will fill nearly seventy legislative vacancies, and Virginia will elect a new legislature.

In three states, Virginia, Iowa and Mississippi, the elections will determine the choice of United States senators. Virginia and Mississippi will of course send democrats to the senate, and Iowa, of course, a republican.

In New York the struggle will be hot, as there is a serious revolt against Platt machine-rule. Even the partisan Tribune is arrayed against Platt and warns the people not to elect his sycophants to the legislature.

Massachusetts is of course republican—heavily. But it will be interesting to watch and see how much dissatisfaction has been born among McKinley's followers by reason of his imperialistic policy.

In Pennsylvania everything is republican—but Quay still have to fight his enemies again.

The great fighting grounds are Ohio and Kentucky.

The greatest interest will be centered in Ohio, the pivotal state of the union. Everybody thinks that the presidential candidate who can carry the Buckeye State can be elected, and it's a pretty good sign. This year it is a fight between two millionaires—John R. McLean, proprietor of the Cincinnati Enquirer, and Mark Hanna, the cashier of the republican party, for the governorship.

In Kentucky the battle rages with fury—the motto of every politician seeming to be: "When you see a head, hit it." The democrats will probably win.

In Maryland the influence of Admiral Schley will be watched with much interest.

And in Nebraska there are only some judges and university trustees to be elected—unimportant to the country except as affording an opportunity to judge of Mr. Bryan's strength in his own state.

The Lexington Dispatch says:

The Republican party has said that the negro in the Sandwich Islands shall not vote. They say he is not fit to have a chance in the making of laws or in the government of that part of this country. Senator Pritchard, when in Washington, always opposes the idea of giving the negroes of the Sandwich Islands any showing at all. Yet he comes to North Carolina and declares that the negroes are just the proper individuals to manage things and that by their votes they ought to decide all elections.

And the Charlotte News adds:

The Republican party is also moving down men of a darker race by the thousands in the Philippines. One of the main reasons it gives for not allowing Cuba to govern itself is that there are so many negroes on the island that they would probably take possession of it, if they were allowed to vote. Pritchard endorses every act of the administration, including all these things; and yet he insists that the requirement that a negro shall be able to read before he is allowed to vote in North Carolina is a crime against mankind. Where is the consistency of Pritchard?

The funny part of this discussion is the Charlotte News' idea that Pritchard knows the meaning of the word consistency.

Thursday night at Lumberton, while on her way home from church a young lady was assaulted by a negro named Ed. Blount. He was immediately arrested and carried before Judge Battle's court, which is in session there, and within twenty-six hours after the crime was committed, was on his way to the penitentiary under sentence of

15 years for assault with intent to commit rape. That's the way to break up the evil of lynching. If every brute of the crime of Ed Blount could be assured of such swift retribution, a lynching would be rare.

An authoritative statement was issued from Paris yesterday formally denying the rumors of intended Franco-Russian intervention in the Transvaal war and declaring that France has no ground and no desire for any such intervention at present and that Russia is most likely placed in the same position. It does really begin to look squally for England. Let her be thrice-armed and sleep with one eye open.

It's strange that the British always retreat after a "brilliant victory."

In the Night.

Only the night and the stormy skies—
The night, so dark and wild,
And in the gloom of a lonely room
The breathing of a child.

A little child that the angels led
From a land we deem divine;
Who came to me when the prayer was said
And laid his lips on mine

The smile of God on his dreaming face
In the lamplight's fitful gleam;
And I know that the angels lift the
And kiss him into the dreams.

I wonder why, in the silence here,
My heart, with quickened beat,
Echoes the sound of a falling tear
On his beautiful face and sweet!

Is it a thought of the weary way
The little feet must tread,
Or the grief of a soul that cannot pray
Where its altar-fires are dead?

Never an answer for all the years * *
Oh, storm and midnight strife,
Have ye only the dew of burning tears
To fall on the rose of life?

Only the night and the stormy skies—
The night so dark and wild,
And in the gloom of a lonely room
The breathing of a child.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of affections of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.

Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

Walterboro, S. C.

Read what the noted Dr. Thomas S. Powell has to say for Harris Lithia Water:

Mr. J. T. Harris: Dear Sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more bene-

ficial results than from months spent at the different noted Lithia Springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully yours,
Thomas S. Powell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.
Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated.

In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most excellent remedy

in the uric acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnett, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent laxative, and a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman

Pres. S. A. L. R. R.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave him any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E. Holton, Druggist.

REV. S. A. DONAHOE

Testifies to the Good Qualities of Chamberlain's Cough Remedy.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Point Pleasant, W. Va., contracted a severe cold, which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.
